by .....(Name of employee)

## RECITALS

The undersigned acknowledges that he is an employee of ..... (*corporate name*) (hereinafter referred to as the “Business”) and that, as such, he has access to scientific, technical, commercial, and financial information regarding ..... (*description of the technology*) belonging to the latter.

The undersigned further acknowledges that he may be called upon perform work which may create intellectual property on behalf of the Business.

Consequently, the undersigned represents and agrees to the following:

1.00

## ACKNOWLEDGEMENT, ASSIGNMENT AND WAIVER

The undersigned acknowledges that all the intellectual property he creates or acquires over the course of his employment is the property of the Business or, as the case may be, of the latter’s assignee.

Consequently, the undersigned undertakes to assign any intellectual property right relating thereto to the Business or, as the case may be, to any assignee of the latter , should such assignment be required by law to transfer the property of any work he may create during the term of his employment, even should part of such work be performed outside work hours. The undersigned undertakes to take any useful or required action to give full effect to such assignment; including signing any document necessary or useful to establish, preserve or publish the rights assigned herein.

In addition to this undertaking, the undersigned acknowledges that he shall not have any property right whatsoever in any work he may create over the course of his employment and, if necessary, he hereby waives in favour of the Business any right tit may claim on such work.
